FYP DEADLINE	(Interim									
FIP DEADLINE	Report)									
EVERNAL DEADLINE			51.011					- ML Img		
EXTERNAL DEADLINE			DL CW		ML Img CW			Exam - DL CW	ML Fin CW	
								- DL CVV		
MILESTONES										
1 - MVP										
2 - Mobility	<b></b>									
3 - Learning Tasks										
4 - Learning Methods										
5 - Experiments										
200110000000000000000000000000000000000										
DOCUMENTATION										
Abstract										
Report Draft	<b></b>									
Final Report	ļ!									
Presentation	<b></b>									
CONFIGURATION										
Basic config file generator (1)										
Basic config file loader (1)										
Configure client mobility (2)										
Selection of learning task (3)										
Selection of learning algorithm (4)										
TRAINING										
Client-level minibatch SGD (1)	ļ!									
Hierarchical Federated Averaging (1)	<b></b>									
Large mibatch SGD (4)	<b></b>									
Local SGD (4)										
Post-Local SGD (4)										
MODELS										
MODELS										
CNN - MNIST (1)										
ResNet - CIFAR10 (3)										
LSTM - Next-word prediction (3)										
TECTINIC										
TESTING										<u> </u>
Multilevel model testing on test set (1)										
LOCCINIC										<u> </u>
LOGGING										<u> </u>
Top-down logging infrastructure (1)										<u> </u>
CHENT MODILITY										
CLIENT MOBILITY										-
Add mobility functionality (2)	<b></b>									<u> </u>
TECTING 011175										
TESTING SUITE										<u> </u>
Automated scenario testing (5)										
Simulation results visualizer (5)
